IMPORTANT NOTICE TO DEBTORS

As the debtor(s), you are entitled to notice of essentially everything that happens in your case. If you have an e-mail account and Adobe Acrobat reader (available as a free download at <http://www.adobe.com/>), you may choose to receive those notices electronically.

Electronic notice has many advantages. For example, you will know you are receiving **everything** that is filed in your case – no one can forget to serve you, and your notices cannot be lost in the mail. Electronic notice is also virtually instantaneous – within moments of a document's being filed, you will receive an e-mail telling you that document has been filed. **There is no charge for electronic notice.**

If you would like to receive electronic notices – instead of hard copies – all you need to do is complete the enclosed Electronic Service Registration Form and return it to us. When we receive your registration form, we will add your e-mail address to your case, and you will begin to receive electronic notice.

That electronic notice will take the form of an e-mail containing a description of the document that has been filed and a hyperlink to that document. When you click on the hyperlink, you will be taken directly to the document. After you view it, you will want to save or print the document if you wish to keep it (once you close the document, you will not be able to use the hyperlink in the e-mail to view it again because the link will be broken).

Just remember that if you sign up for electronic notice, you will not receive hard copies of the documents filed in your case. The e-mails you will receive will be the only way you will receive notice of those documents. For that reason, it is very important that you notify us of any change in your e-mail address.

We hope you will take advantage of our offer. Thank you.

Clerk, U.S. Bankruptcy Court
